

ADCHEM

ADCHEM (AUSTRALIA) PTY LTD

ARN 87 069 180 258

QUALITY POLICY

Adchem will consistently produce and supply global markets with high quality copper chemicals that conform to specific standards and meet our customer's expectations in terms of quality, delivery and price.

Adchem will achieve this by:

- Continuous improvement of plant and equipment by applying appropriate technology.
- Continuous monitoring of plant processes to ensure product meets quality specifications.
- Optimising supply chain planning which includes raw material procurement, production scheduling and shipping to meet agreed customer delivery dates.
- Encouraging consultation and awareness at all levels within Adchem.
- Applying appropriate resources to develop employee skills to meet the needs of the business.

We will comply with and continually improve the effectiveness of our AS/NZS ISO 9001 : 2008 Quality Management System.
